

Activity Report for Workshop on AI for Career Building

Committee: Seminar, Workshop, Conference and FDP Committee

Date & Time: 10 January 2026 | 11:45 AM – 01:30 PM

Venue: Seminar Hall

Organised by: Goa Chamber of Commerce & Industry (GCCCI) – Education Committee
Goa Technology Association (GTA) In association with Narayan Zantye College of Commerce

Objectives of the Activity

- To create awareness about Artificial Intelligence and emerging technologies
- To bridge the gap between academic learning and industry expectations
- To provide practical exposure to AI tools and applications
- To enhance employability skills and career readiness
- To guide students regarding internships, startups, incubation, and job opportunities

Resource Persons

1. **Mr. Sai Rane**, Founder – Neural Kissan
2. **Mr. Vadiraj Inamdar**, Software Developer – HotelHub Technology Pvt. Ltd.
3. **Prof. (Dr.) Vipul Mathur**, Ex-Faculty, IIM Calcutta | IIM Bangalore Fellow | B.Tech, IIT Delhi

Programme Proceedings

The workshop commenced with a warm welcome to the dignitaries, speakers, faculty members, and students. Compering for the programme was carried out by Mast. Tanmay Gadgil, who efficiently guided the flow of the event.

The introduction of the resource persons and the programme was delivered by Asst. Prof. Sindura Malik, Faculty Coordinator for the programme, who highlighted the objectives of Tech Manthan and its relevance in today's AI-driven professional environment. On the occasion, the Principal, Prof. (Dr.) Rajendra Kumbharjuvencar, addressed the gathering, emphasizing the importance of being technologically upgraded and encouraging students to continuously upskill themselves to remain relevant in a rapidly changing digital world.

The workshop was conducted in three insightful sessions:

- **Session 1** focused on creating awareness about the current technology landscape and how digital innovation and Artificial Intelligence are transforming career opportunities across sectors.
- **Session 2** addressed the gap between academia and industry by discussing essential employability skills, industry expectations, and opportunities in startups, incubation, and entrepreneurship.
- **Session 3** emphasized making students AI-ready by introducing AI tools, certifications, practical learning platforms, and strategies for building a strong professional profile.

The sessions were interactive and encouraged student participation, providing clarity on how AI can be effectively integrated into various career paths. A total of 33 students and 7 faculty members participated in the workshop. Asst. Prof. Uraj Madkaikar, event coordinator was also present for the workshop. The programme concluded with felicitation of the speakers with mementoes and a Vote of Thanks proposed by Asst. Prof. Vinita Agarwadekar, expressing gratitude to the resource persons, organisers, college management, faculty members, and students for making the event successful.

The Goa Chamber of Commerce & Industry (GCCCI), in association with the Goa Technology Association (GTA), supported the programme by providing industry speakers.

Outcome

The programme successfully enhanced students' understanding of Artificial Intelligence and its application in professional and career development. Students gained valuable insights into skill development, career planning, and industry expectations.
